★★★★★  
"This has been my first experience with physical therapy. I was SO pleased to learn so many new things to help me heal properly!"  
... "They also knew how to alleviate my pain after surgery. I will be going home more confident about healing the best way possible."  
-Nikki Therp

★★★★★  
"All of the therapists know what they are doing and want your recovery to be the top priority..."  
"They are 100% committed to your recovery and make you feel at home!"  
-Steele Gould
